Wildchild

British-made funky, unconventional unisex casual wear for two to nine year olds

We are a UK-wide charity funding vital research to help sick and disabled babies and children.

61,000 babies are born prematurely each year in the UK, and tragically more than 1,000 lose their little lives as a result – making premature birth the biggest killer of babies in the UK. It's too many. Far too many.

We know through medical research we can stop the devastation so that's why we are fighting back. Parents. Children. Families. Communities.

There are so many ways to support and raise funds:

- Company support
- Taking part in events
- Sponsorship
- Host a cream tea
