

2018 Christmas Fair

Last year we gave £45,000 to Kids and Teens Cancer which was outstanding. This year we are supporting Early Diagnosis in Cancer, for many common cancers survival triples when diagnosed early. Our sponsors have been so supportive and we are very grateful.

The EU General Data Protection Act (GDPR) replaces the Data Protection Directive and all Charities will need to be compliant. In simple terms, if a Charity holds information about anybody, it states that we need to tell that person exactly What Information we are holding, Why we are holding it and When we would use it. It also requires individuals to opt in, to allow us to contact them in the future about the events we are organising, or opt out.

We currently have your address/email on file, we are holding this information so we can contact you to let you know about forthcoming local Cancer Research UK events.

If you are happy to remain on our data base please tick this box
