Our Charities

In 2026 The Hampshire Fair will support three local charities:

Kids on Track (kidsontrack.org.uk)

Kids on Track aims to empower children from under-resourced areas of Andover to believe in their potential, grow in confidence, build self-worth, and discover their own path in life. At the heart of their mission is a nurturing, dynamic environment where every child is encouraged to explore new opportunities.

The Grange Festival: Illuminating Creative Pathways

The Grange Festival is a Hampshire opera house and registered charity. Their summer season of world-class opera sits alongside a thriving programme of education and community work: bringing nearly 2,000 schoolchildren to live performances each year, supporting 24 early-career artists in paid roles each season, and welcoming families from across Hampshire for hands-on creative events. They believe opera belongs to everyone — and their charitable work is how they make that real.

Royal Southampton Yacht Club Trust

The RSYC Trust is a water activities charity for disadvantaged young people, principally young carers in Hampshire. It focuses on providing dinghy sailing, paddleboarding and kayaking experiences, with an opportunity to take national certificates. The Trust runs four water activity days annually and works with partners to provide funded courses. This enables young carers to have fun and enjoy important me-time away from their caring duties, building their confidence, skills and resilience.

**10% of takings will
be generously
donated to The
Hampshire Fair
supporting local
charities.**
